## Rules Committee:

Raymond Hess, Barbara Castellese & Gail Hoke

## Nominating Committee:

Alice Ward, Tom Balsano & Debbie Kirkland

## Note from Ken:

Please remember I need your help when signing up new Buzzards. Once again, on the applications, please be sure to make it legible, fill it in completely and be sure to include the USBC # (needed to verify they are legit) along with the email address. Please inform them that if the email is from their place of employment, it may not work because of the spam filter. Home emails work the best. If they don't want their emails used, please put "none" in the blank. That's it and thanks for your help.

# FUNNY AND INTERESTING FACTS

## JOKE OF THE MONTH

After dying in a car crash, three friends go to Heaven for orientation. They are all asked the same question, "When you're lying in your casket, and friends and family are mourning over you, what would you like to hear them say about you?" The first guy immediately responds, "I would like to hear them say that I was one of the great doctors of my time, and a great family man." The second guy says, "I would like to hear that I was a wonderful husband and school teacher who made a huge difference in the children of tomorrow." The last guy thinks for a moment, and then replies, "I guess I'd like to hear them say, 'Look, he's moving!'"

## WOULD YOU BELIEVE?

(Provided by This is True)

Police in Pinellas Park, Fla., were pretty familiar with Dennis Eugene Emery, 57 — they had 34 “contacts” with him in two years, including arrests for domestic battery, aggravated assault, resisting arrest, and leaving the scene of a crash. They were called to his house again after he had a fight with his wife. Officers say that the fight escalated and Emery went and got a gun, and was threatening to shoot one of the family’s dogs. As he backed down from that threat, he uncocked the pistol — as it was pointed at his face. He shot himself, and was killed. (RC/St. Petersburg Tribune)

## ON THIS DATE

November 8, 1895 - German physicist Wilhelm Röntgen produces and detects electromagnetic radiation in a wavelength range today known as X-rays or Röntgen rays

November 8, 1910 - William H. Frost receives the first U.S. patent for an electrical insect destroyer.

## Quotes About Life

One of the most powerful handclasps is that of a new grandbaby around the finger of a grandfather. - Joy Hargrove

## MORONS!!

(Provided by News of the Weird)

Jorge Vasconcelos, 25, was traffic-stopped in El Reno, Oklahoma, in October because he was reportedly weaving on the road, but deputies detected no impairment except possibly for a lack of sleep. Then, "out of nowhere," according to a KFOR-TV report, Vasconcelos, instead of quietly driving off, insisted that he was doing nothing wrong and that deputies could check his truck if they thought otherwise. They did -- and found an elaborately rigged metal box in the engine, containing 17 pounds of heroin, worth over \$3 million. He was charged with aggravated trafficking.

## ARE YOU SERIOUS?

(Provided by news of the weird)

I'm Da Man! John Morgan, 28, and Ashley Duboe, 24, were charged in September with robbing the Savings Bank in Ashville, Ohio -- with their apprehension made easier by Morgan's Facebook photos of himself riffling through (and with a mouthful of) his newly acquired stack of bills (a "McStack," he wrote) and describing his current elation: "I got six bands bra ... I'm doing rree=aaaalll good." (Police were quick to find the Facebook page because Morgan was already on parole from a 2010 bank robbery.) [The Smoking Gun, 9-24-2015].
